O R I S E

OAK RIDGE INSTITUTE FOR SCIENCE AND EDUCATION

ORISE is a national leader in science education and research

Strengthen America's scientific research and education enterprise to enhance global competitiveness

Ensure public trust and confidence in the management of worker health and environmental cleanup initiatives

Enhance our nation's preparedness for emergencies related to terrorist incidents, natural disasters and health threats

Addressing national needs

- Introducing tomorrow's workforce to STEM fields and DOE research opportunities
- Rapidly deploying medical and operational response to radiological incidents
- Providing the insights DOE needs to make informed research funding decisions
- Independently verifying the cleanup of contaminated DOE sites
- Monitoring the health of former DOE workers nationwide
- Conducting training for radiological workers and responders to ensure safety

Awards and recognition

Performance

- **DOE Secretarial Honors** awards for outstanding performance in response to Japan nuclear crisis
- **DOE-CAP accreditation** (Radiochemistry)
- **CLIA certification** (Beryllium, Cytogenetic Biodosimetry)
- **CAP accreditation** (Beryllium)

Environmental stewardship

- **ISO 14001** registration for safe and environmentally sound operations

Safety

- A DOE VPP “Star of Excellence” site and two-time “Legacy of Stars” site

Small business is important to ORISE

Pride of Ownership
Agents of Innovation
Economic Catalyst
Responsive Service
Commitment to Community
